AT THE MUSEUM

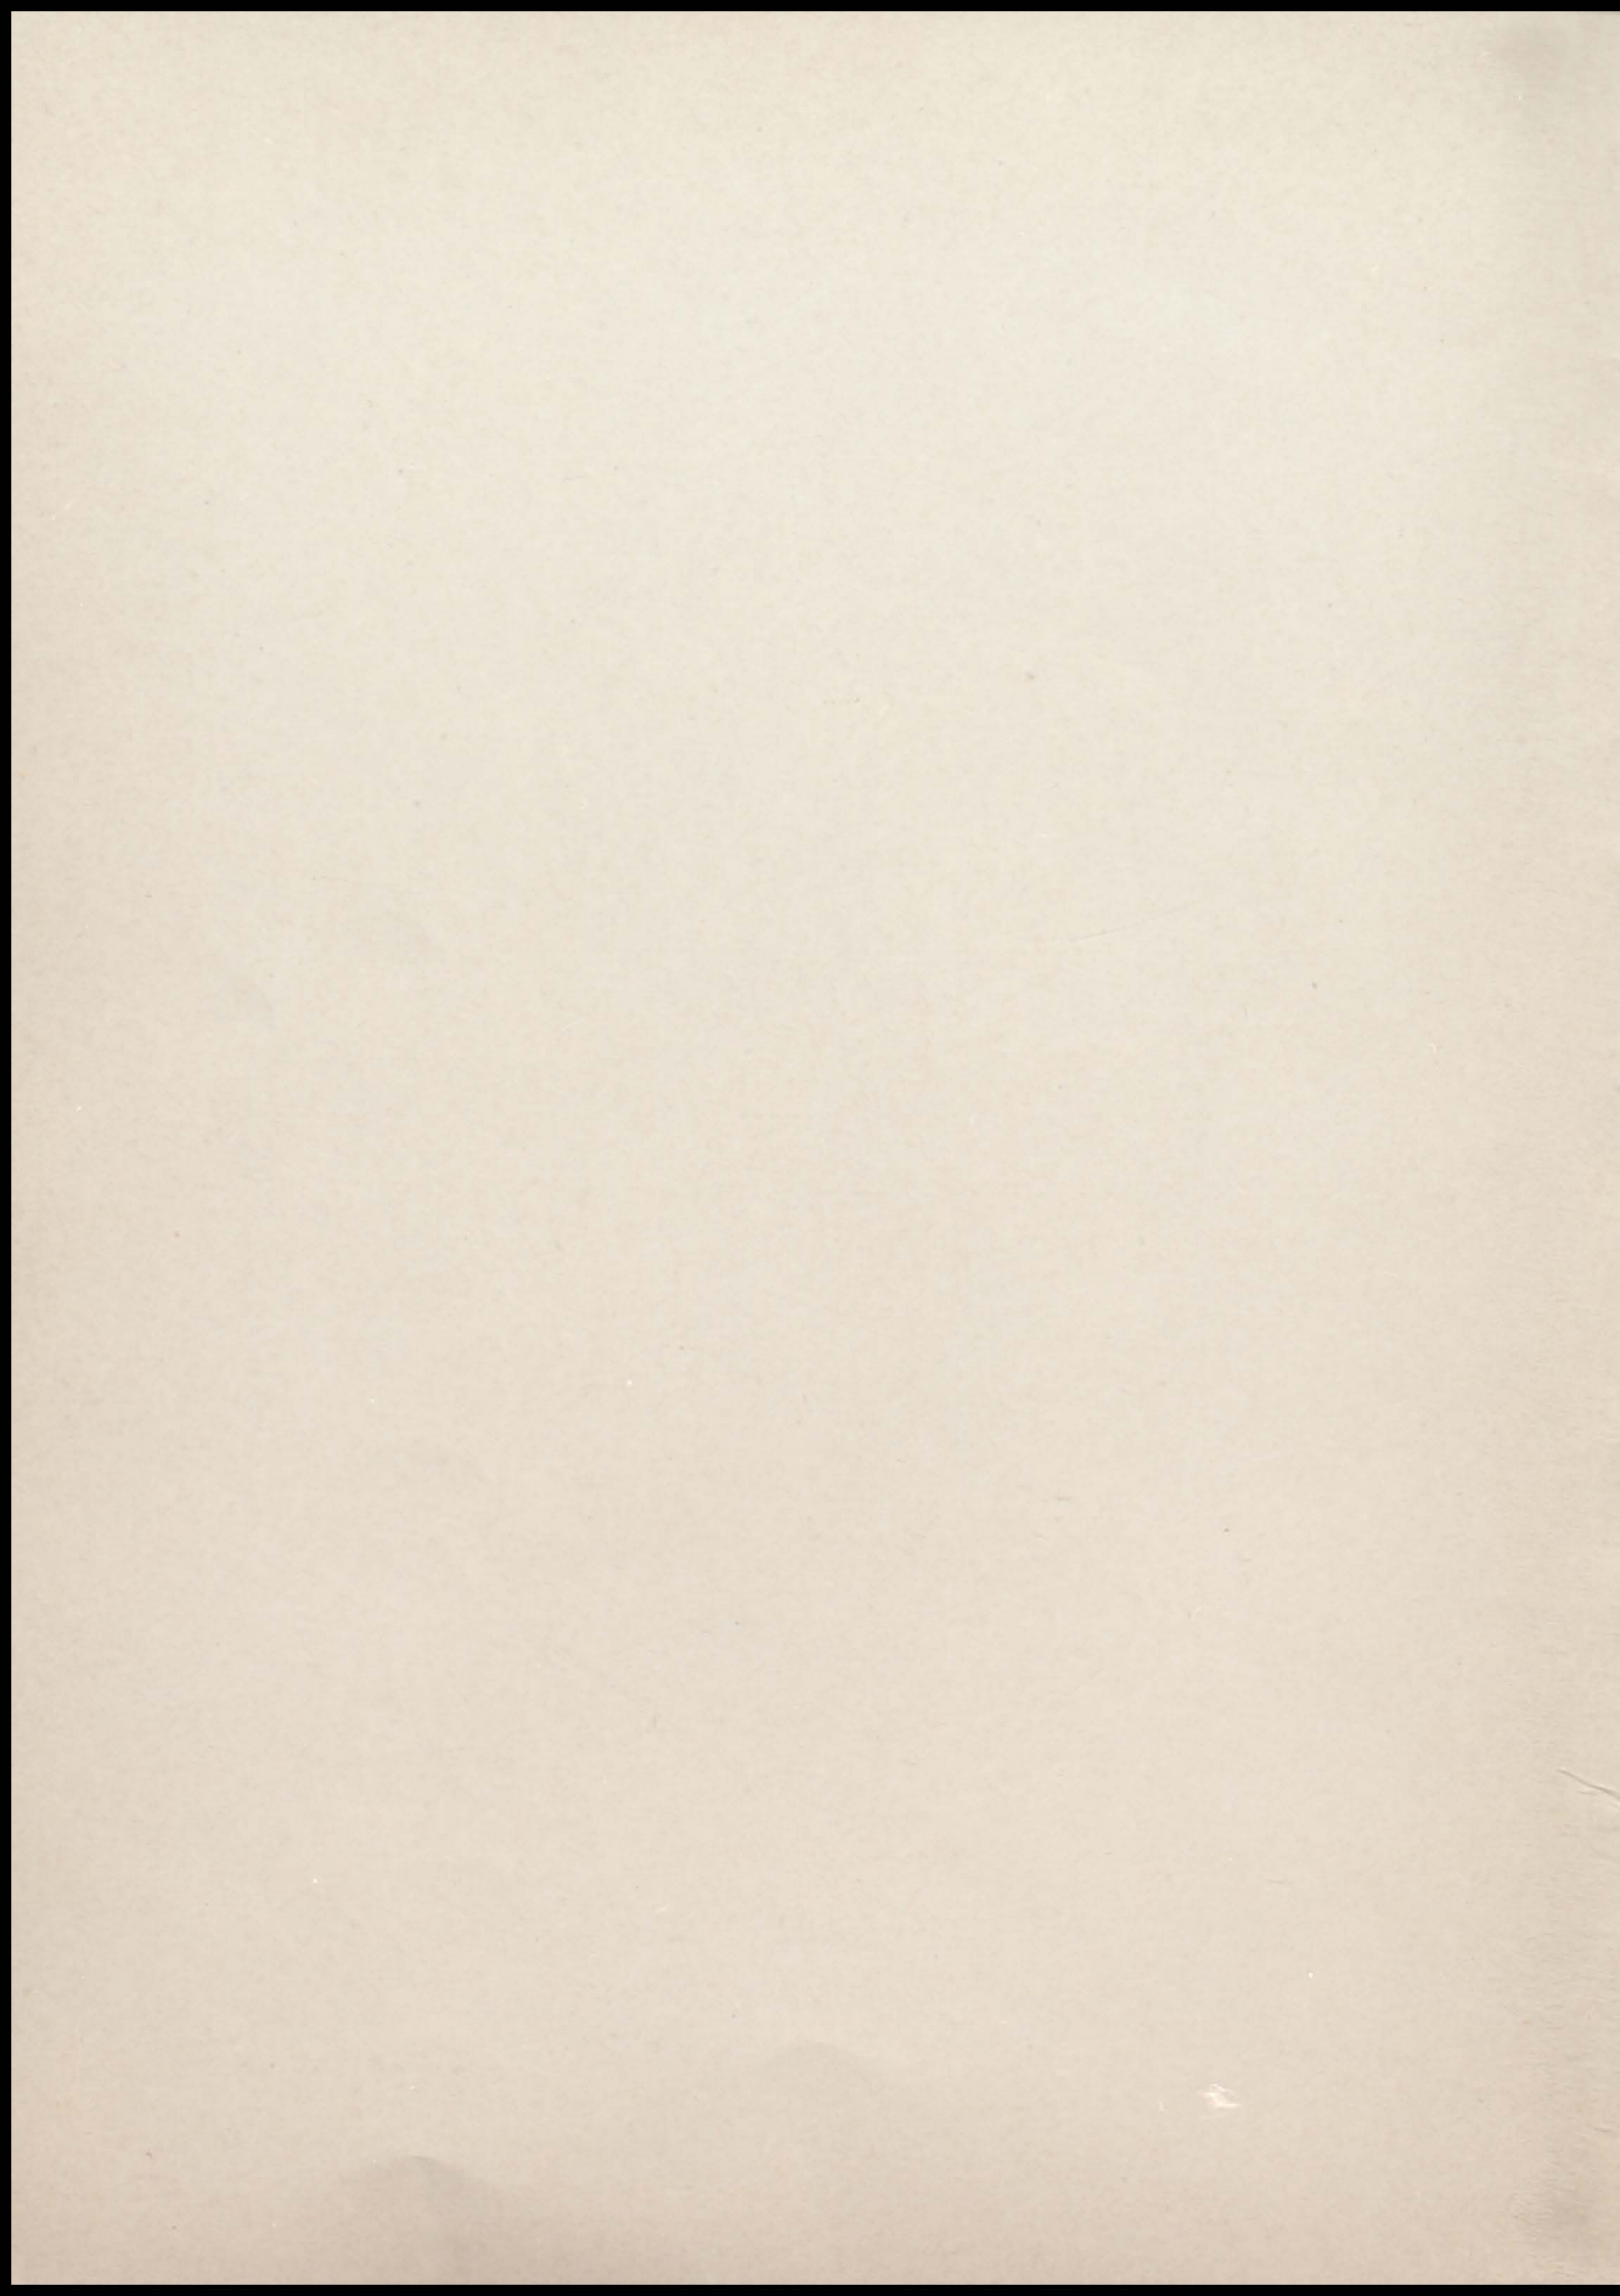

The Class of June, 1934

PRESENTS

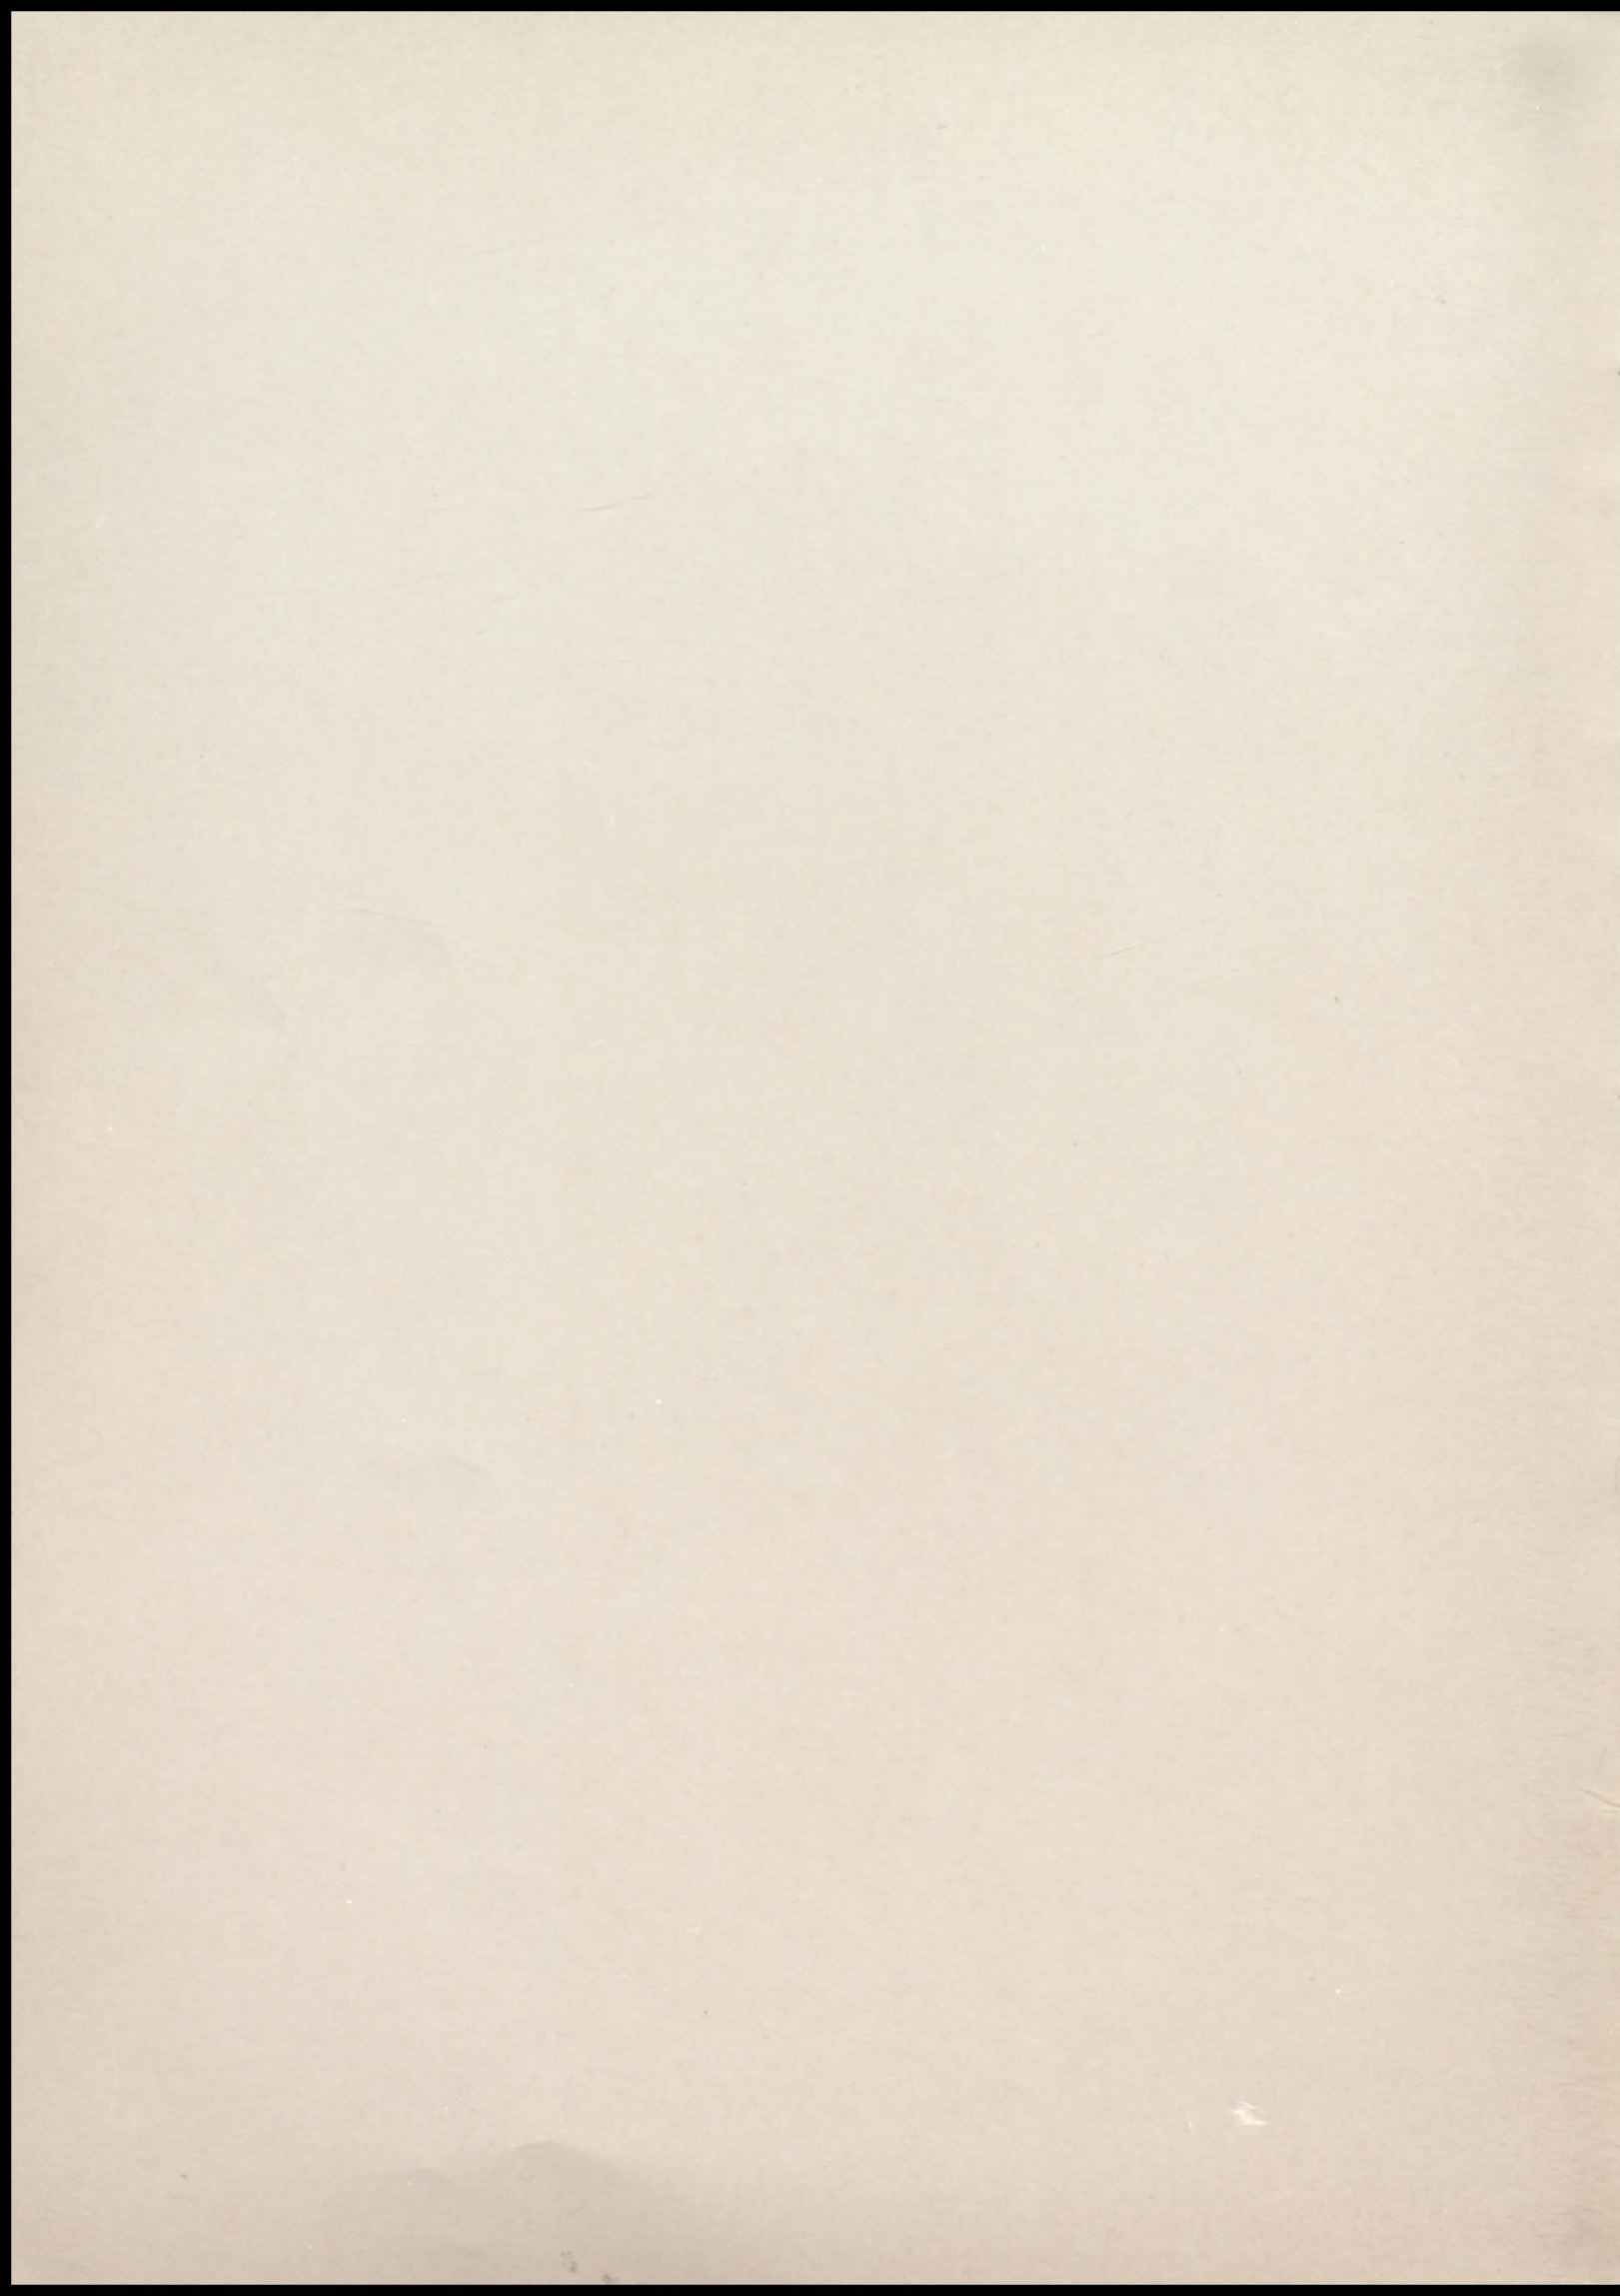

The Athenaeum

Barringer High School

NEWARK, N. J.

Foreword

IT has always been the practice of senior classes to choose and work out in a novel manner some theme upon which they have based their year book. In this way, a great opportunity is offered to compile and record their activities at Barringer in an interesting fashion. The student body, therefore, has always looked forward to this particular publication with the greatest of interest. In every case the title has proven to be the main feature, and it is chosen on the basis of the theme.

However, the class of June '34 has taken the initiative upon an idea which it hopes shall be adopted by future classes. This use of various themes has necessitated many different titles. Many times, some class has, in an endeavor to be original, adopted a title which bears no relation to the *Acropolis*. This has gradually developed the idea that the senior year book is a separate publication. In reality, it is only the *Senior Edition* of the *Acropolis* and this connection must not be lost. Therefore, to remedy this mistake in the future, the name *Anthenaeum* has been adopted by the class of June '34 for its book.

Almost a century ago the first magazine appeared at Barringer High. It consisted of a drawing and a few essays on character, copied by hand into a notebook, which was passed from student to student. The magazine was called the *Anthenaeum*, meaning House of Wisdom. It seems unfortunate that the name of this publication, probably one of the first in any high school in the United States, was discontinued. We are glad to revive it and we hope for the approval and cooperation of the other classes.

Dedication

We respectfully dedicate this, our year book, *The Athenaeum* to our dear friend and advisor, Robert J. Hagaman, in appreciation of his aid and guidance.

Raymond B. Gurley, our friend and
respected Principal, whose helpful
guidance will long be remembered.

Elsa Disbrow for whose help we are
deeply indebted.

Editorial

WE have completed here an orbit, a trip around our sun, basking in its rays, gathering knowledge as best we could, and preparing ourselves for new experiences. From our zenith we retrace the progress of the last four years.

But there are more paths to travel. A single revolution is but a fraction of our destiny, and we must pass through many phases before our journeying is through. Now the time has come to go whirling into the cold of space. Though it is hard to desert warmth and security for the strange and uncertain, we look ahead expectantly to new sights and adventures.

THE Acropolis Board is one of the most outstanding extra-curricular organizations in the school, since it offers such a variety of activities. The book, which is published monthly under the supervision of Miss Natalie Jones, is composed of work exclusively by the students. An Acropolis Pin Award is given for three terms of service on a board.

THE NATIONAL HONOR SOCIETY

CHARLES HAYES	-	-	-	-	-	-	-	<i>Vice-President</i>
RUTH CRONHEIM	-	-	-	-	-	-	-	<i>Secretary</i>

THE work of the Honor Society is directed chiefly toward improving the school. Under the direction of Miss Natalie Jones, activities include selling hand books, tutoring students and patrolling corridors. Members are elected by the Teachers' Council from the 3A, 4B and 4A classes. Consideration is given to the qualities of scholarship, leadership, service and character.

MODERN LANGUAGE HONOR GROUP

THE Modern Language Honor Group has taken the place of the Italian, French, Spanish and German Clubs. Pupils who do A or B work and have reached the third year in the study of these languages are eligible for membership. Each member is awarded a key or pin bearing the emblem of the country whose language he studies. Programs are usually arranged by the students. Picnics, museum and theatre trips are included. Miss Lucchina directs the Italian Society, Mrs. Carleu the French, Mr. Zweibel the Spanish and Miss Smith the German.

THE Science Club, as it is today, was founded in 1914 with Mr. Dumm and Mr. Frederick H. Beals as faculty advisors. At the present time the club is the largest in Barringer, its membership numbering about two hundred students. Its meetings are divided between student programs, and talks and demonstrations by men of the surrounding communities, prominent in the scientific world. The members of the Science Club are students from the Biology, Physics, and Chemistry classes and also those particularly interested in the sciences.

THE Boys' Leaders Club has become a much respected organization since its recent formation. The membership in the club is limited, since one must have character, good scholarship and the qualities of a leader to become a member. The chief duty of the boys is to maintain order in the corridors. The Barringer ideals of "Truth, Honor and Light" are especially emphasized.

Mr. Saylor, the faculty advisor, has made it possible for the outstanding members of the Club to obtain a letter similar to the "B-2," the only difference being that the letter "L" replaces the figure two.

THE Girls' Leaders Club, one of the youngest organizations in the school, is an outgrowth of the Girls' Service League. The aim of the club is to make leaders of its members and to give the girls an opportunity to show consideration for others.

This term, lavatory squads were formed by the club to keep the girls' lavatories clean. The study of etiquette was taken up and found interesting. Because the girls wanted to help the less fortunate, they collected old clothes.

The Club's slogan is Truth, Right, and Honor. Let's give the girls our heartiest cooperation. They deserve it.

THE Latin Club, one of Barringer's younger organizations, was started by Mr. Haulenbeeck in 1925 at the request of the students. The club, generally known as the Populus Romanus, is conducted according to Roman precedent. The entertainment, consisting of the study of Roman life, manners, and customs is provided by the aediles. Each term the club awards two prizes, one to the person who makes the best speech at one of the meetings, and the other to the senior who has received the highest marks throughout the four year course in Latin.

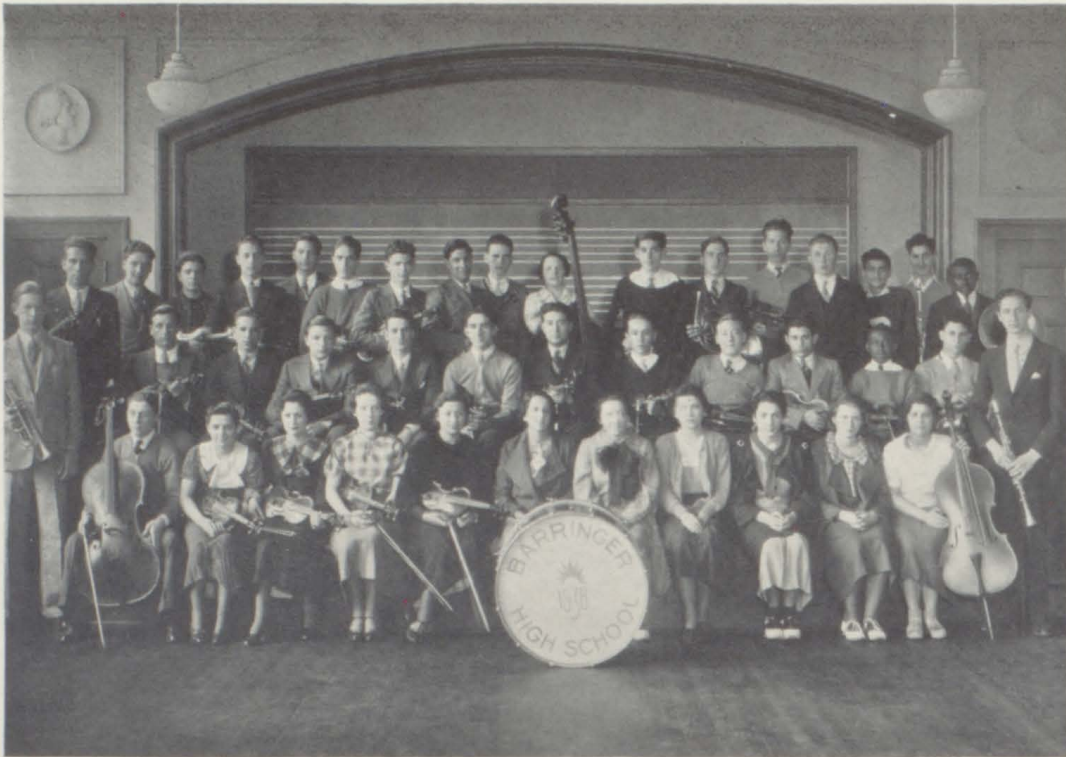

THE LIBRARY GUILD

ONE of the most responsible organizations in the school is the Library Guild. It is unique in Barringer in that it has all the privileges of a student government. Only students with excellent records are eligible, and at least three periods a week are required of all members. The guild is responsible for the care of the library in the absence of the librarian; learns how to help other students with reference work; and is always more than busy with the general work of the library. Incidentally, the training received has often proved sufficient for former students to secure positions in public libraries.

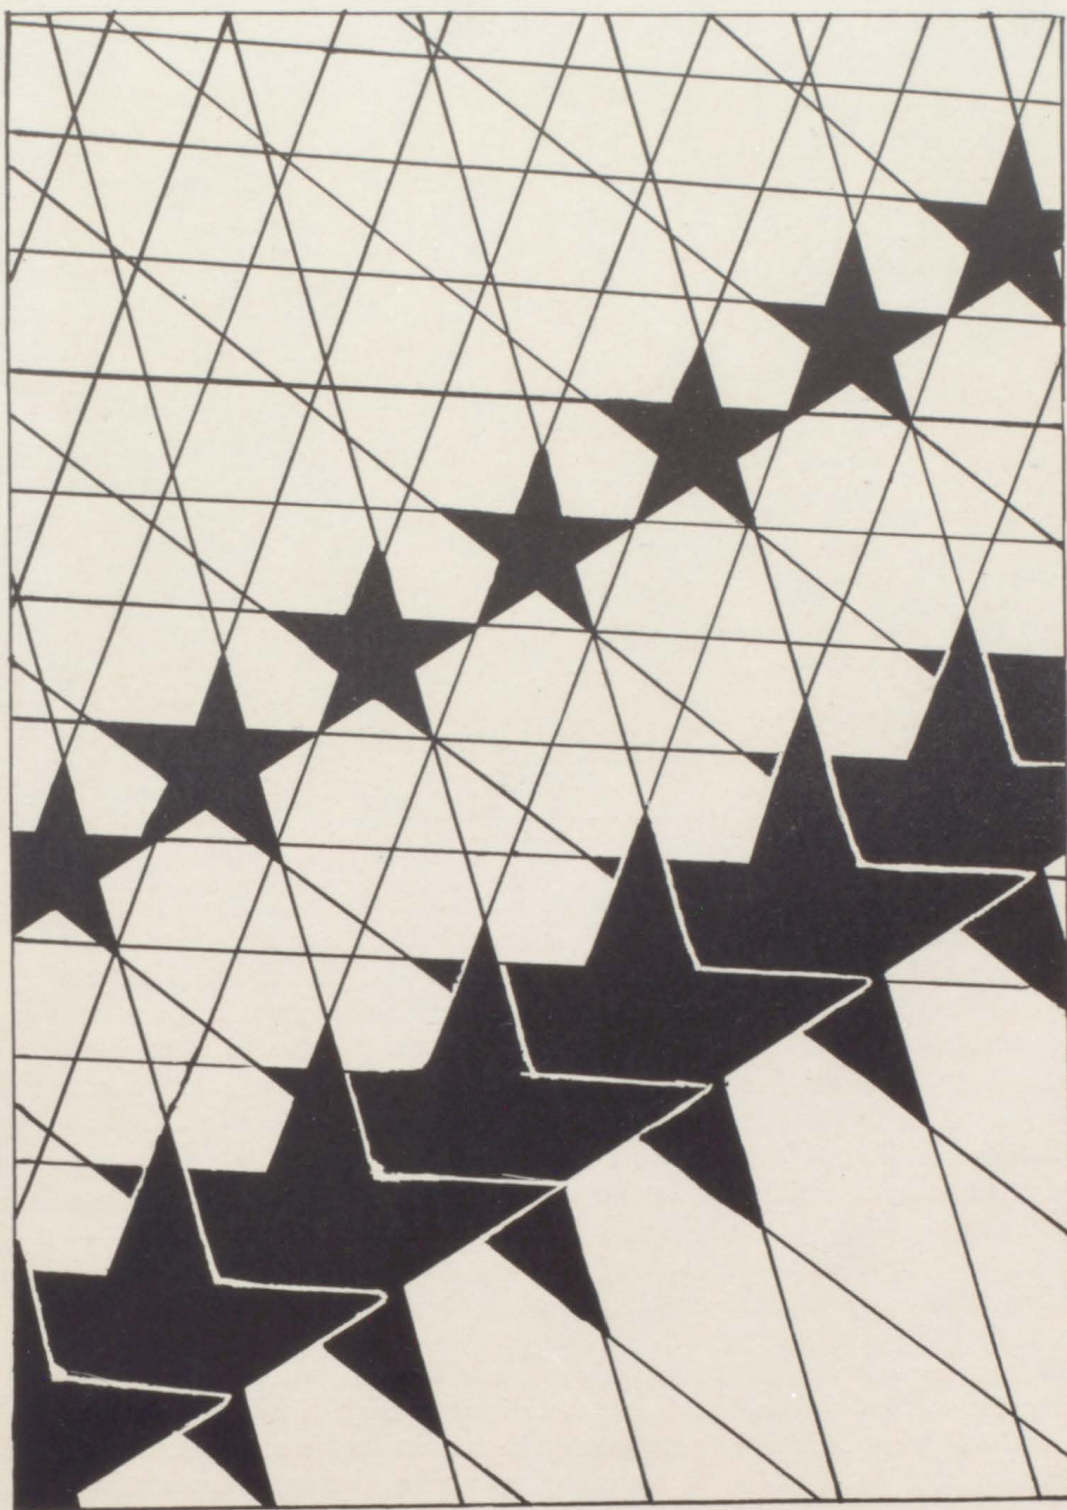

The guild has a number of outside social activities. Included in these are the theatre party and the faculty tea held every term. The guild is a member of the New Jersey School Library Council and through this it comes in contact with other library guilds all over the state.

President, Elizabeth Bean; Vice-President, Josephine Percell; Secretary, Shirley Moll; Treasurer, Anna Casiero.

THE ORCHESTRA

SINCE its organization in 1912 the orchestra has occupied an important place in our school life. Under the able coaching of Miss Robinson it has furnished many enjoyable hours for us in assembly. Membership in the orchestra is open to students interested in music and sufficiently accomplished upon a musical instrument.

FENCING

IT is safe to say that the chief sport in which Barringer excels, as far as uninterrupted victories are concerned, is fencing. At the end of this season the Barringer Fencing Team will have completed its fifth consecutive State Championship—our present captain, Don Cetrulo, having been on the last three of them. It would be unfair not to mention the fact that the Barringer Fencing Team ventures further than just high and prep school competition. Barringer has defeated many Freshman and Junior Varsity College teams in the East, such as Drew, Princeton, St. John's, Seth Low and West Point, and has also entered the National Interscholastic Meets. In the National Individual Interscholastics of last year, three Barringer men appeared in the finals. Captain Don Cetrulo, one of the three, just missed first place by one point. In 1934 the Blue foilists captured the first National Interscholastic Team Championship.

By virtue of these facts, fencing was made a major sport in Barringer, and the team is now ranked as being the strongest high school team in the country. Much credit is due to Dr. Gerard I. Cetrulo for his able coaching of the team, to Mr. V. L. Sibilia, our encouraging faculty advisor, to Captain Don Cetrulo, for his able leadership, and to David Hirschhorn and Victor Cicetti, our industrious managers.

SWIMMING

OUR city champion mermen have come through a season of stiff competition in fine style. Although our natators have met defeat against stronger squads, the team has managed to keep its city title clean by sinking their rivals in the city league.

As a result of their fine showing the team was well able to retain the city championship. Coach Arthur Payton deserves much praise for his splendid coaching of the boys. Along with Manager Howard Cann, major letters will be awarded to Captain Allsop, Miller, Schmitt, Feind, Wilson, and Del Tufo for their excellent work.

"B" AND CHEVRON GIRLS

BY a new point system introduced in Barringer last year, many of our girls have been able to gain enough points to acquire a coveted "B."

The awarding of points is based on athletic activities and gym marks which include punctuality, attendance, cooperation, preparation and posture. Point awards are made in the form of stars and chevrons. Upon completing an emblem which requires a thousand points, a girl is entitled to wear a "B."

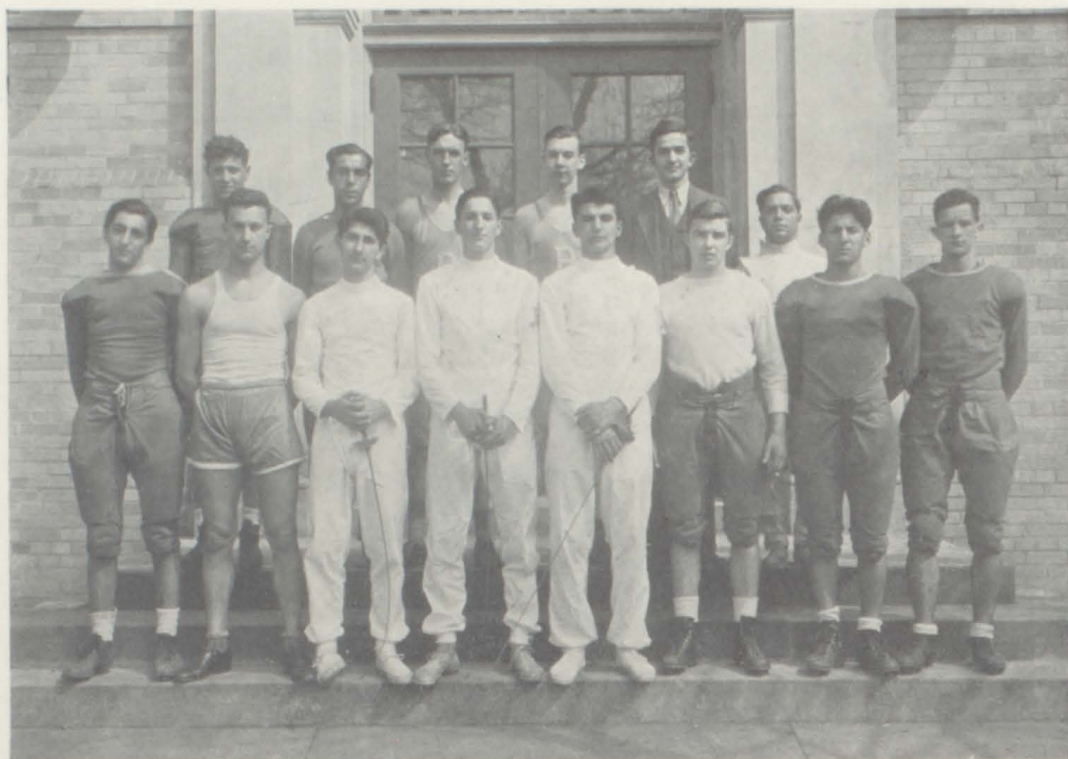

We have several girls in the graduating class who have succeeded in getting their letters. They are Emma Karpowicz, Muriel Waugh, Elizabeth Bean, Hazel Bulman, Adele Lehlbach, Betty Schott, Catherine Bishop, Janet Williams, Roberta Bermingham, Ruth Groves, Clarissa Meyer, Helen Mulford, Anna Di Lella, and Marie Macchiaverna.

BASEBALL

AT the close of the 1931 season, baseball was erased from the Barringer sports book because of a depleted treasury. The following spring found Barringer without any representation on the diamond. Then, when the 1933 season rolled around, there was a general movement throughout the city to revive interest in the national pastime. The outcome of the movement was the formation of intra-mural teams. From these teams were picked the best players, who represented each high school in an elimination contest to decide the city championship. Unfortunately, Barringer, who was favored to capture the title, was eliminated by Central.

This year Mr. Allen has taken over the coaching reins left vacant by Mr. Stammelman's departure from our school. A twelve game schedule has been arranged for the teams by Manager Robert Dutton. Ted Duay who is a member of the 4A class has been elected to captain the team.

"B" Men

JOSEPH CARUSO

Although Joe received a minor letter for being a capable hurdler, his most successful sport is football. Joe's football career is a good example of what perseverance can accomplish. He went out for football in '30, '31, and '32 without making the varsity, but, not discouraged in the least, he came back in '33 and played a bang-up game at half-back. For his noble work on the gridiron he received his major B. Joe was well liked by all his team-mates and he will be greatly missed when the football and track seasons come along.

VINCENT GRASSO

"Vinnie" may truthfully be called a super-athlete. If there is any event, whether it be the 440, 880, or the mile, put Vinnie in it, and with grit and stamina he'll bring home the bacon. He started his athletic career in 1931, in which year he had little success, but with undaunted spirit he came back in 1932 and won the senior half mile in the city meet. From that time on his career has been filled with record-breaking performances in several events.

In 1933, after completing a fine season, he was unanimously elected to captain the 1934 aggregation. Under his able leadership the team became one of the strongest Barringer has ever had. Vinnie is the holder of many records, the most important of which is the national championship in the half mile, his favorite event. He is a wreath B, major B, and gold track shoe man, besides having one of the best scholastic records in his class.

ANTHONY ACCOMANDO

"Achee" first played football in 1931, but because of lack of experience he was sent to the Park Squad. In '32 he made the second team and saw quite a bit of service, but it was in '33 that he showed his class by getting a berth on the varsity. Achee played a clean, hard game but unfortunately he suffered a leg injury in the middle of the season and it was not until the close of the season that he was again able to show his mettle.

Achee also tried his hand at track and baseball, meeting with great success in both. He is an excellent ball player and is expected to star in the revived sport.

CHARLES BOUTSIKARIS

"Butzy" has upheld the fame of fencing in Barringer by putting forth his utmost efforts in supporting his team. He has always been a close runner-up of his own captain, as was shown last year when he took second place in the State Championship Tournament and fourth place in the National Interscholastic Tournament. Although Butzy's greatest success lies in fencing, he has also been active on the football team, an inter-class basketball team, and the boxing tournaments, in which he won the welter-weight title. During his four years at Barringer, Butzy has attained three major B's, two wreath B's, and two medals, as well as the appreciation and respect of his team-mates.

DANTE CETRULO

Although, in his junior year, Don earned a major letter for football, his athletic success in Barringer is centered mainly around fencing. Don made the varsity fencing team in his freshman year and has captained the team during his last three years at Barringer. As a result of his success in fencing, Don has earned five block B's and four wreath B's. Altogether he carries away with him ten emblems, and several medals, and above all, his skill, which will mean a great loss to Barringer. Don holds the State Championship title for 1933, and is considered one of the best interscholastic fencers in the country, by virtue of the fact that he placed second in the National Interscholastic Tournament in 1933, and first in the 1934 National tourney.

MICHAEL SCARDEVILLE

Scardeville first donned a football suit in '32 and since then his career has been full of progress. For his spirit and perseverance, Scardeville was singled out by Coach Salerno as a boy with bright prospects for the future, but, lacking the experience of the varsity men, Mike was shipped to the Park Squad where he easily made the first team. In 1933 he was given a chance as varsity center and he made good. Because of his excellent defensive work and because he was so full of fight, Mike was nicknamed "Scrappy" by Coach Salerno. He was given a major letter for his work on the gridiron.

Mike did not confine his activities to football alone, being active also in track and intra-mural basketball. He is a true athlete.

PHILIP VISCIDI

"Phil" is another of our famous fencers at Barringer. His four years at Barringer have seen a great, though gradual, improvement in his fencing, as is shown by the fact that in his sophomore year he earned a minor B, in his junior year a major B, and in his last year a major B, a wreath B, and a gold medal. Although Phil's most successful sport in Barringer has been fencing, he was also out for tennis and was assistant manager of the football teams of 1932 and 1933. Another honor is also due to Phil, and that is the fact that he stands out as one of Barringer's scholar-athletes, having attained a high standing in both studies and athletics.

WILLIAM HALL

Bill is a two letter man, having turned in excellent performances in both football and track. His athletic career in both these sports started in 1931. In football he started from the bottom, going to the Park squad his first year. But they couldn't keep a good man down and 1932 found him with a spot on the varsity. In 1933 Bill played a starring game throughout the season and was rewarded with a well-earned major B.

In track Bill has made a brilliant record for himself, and as a result he was given a major B in 1932 and 1933. His excellent performance in the high hurdles has marked him as one of our snappiest high hurdlers. His graduation leaves a spot which will be very hard to fill.

ROLLAND HILL

Although Rolland went out for swimming and track, in the latter of which he received a minor B for his fine work as a pole vaulter, his favorite dish is football. It was in football that he showed his true spirit. In 1931 he was on the Park Squad where he learned the rudiments of the game. In 1932 he saw enough service to earn his major letter. In '33 he was elected captain by his team-mates and played an excellent game throughout the season. Hill leaves Barringer in proud possession of two major letters.

ALFRED SCHERER

Fred first answered the call of football in 1932. He immediately won the admiration of his fellow players because of his wonderful work, easily making the varsity in his first year out. In 1933 Fred again answered the call and he again won a place for himself on the regular line-up. Fred was a hard, clean player and one of the best defensive units that Barringer has had in a long time.

Fred was also active in track, earning a minor letter for his sincere efforts. The possessor of two major letters, he leaves the school with great respect from his team-mates and coach.

EDWARD HALLIGAN

Eddie began his athletic career in 1930 when he made the varsity swimming team as a diver. His work that season netted him a minor letter, as swimming was not a major sport at that time. The following year he came out with renewed confidence and earned more than the necessary number of points for a major letter. In the city meet that year Eddie came a close second in the diving event. He also tried his hand at track, competing as a junior pole vaulter in which event he placed second in the city meet.

DAVID HIRSCHHORN

Every team has a manager, and David was fortunate enough to hold that position on the famous undefeated fencing team for two consecutive years. Before entering into fencing activities, David went out for tennis. He became assistant manager of the tennis team in 1932, and, in 1933 (the same year that he was made manager of the fencing team), was made manager of the tennis team. For his efforts in tennis David earned two minor B's. However, it was during his last two years at Barringer, as manager of the fencing team, that David earned two major B's and two wreath B's. David has worked hard for the fencing team, managing its affairs very well, and we hope that his successor will follow his good example.

VINCENT GUARINO

ARCHER WILSON

Archer who came to Barringer from Kentucky in September, 1933, has had a short but brilliant athletic career at Barringer. Going out for swimming in his first year at Barringer, he made the varsity with little difficulty. His favorite events have been the 40 and 100 yard races in which he has shown great ability as a sprinter. During the season "Arch" garnered many points in dual meets, being one of the team's most reliable men. For his prowess and speed Arch gained the name "Kentucky Flash." To wind up a successful season, Arch turned in a splendid performance in the city meet, placing third in both of his favorite events. The departure of this Southern flash will be greatly felt by the Big Blue swimmers.

GERALD ROMANO

TRACK

THIS year's team, ably captained by Vincent Grasso, is one of the strongest Barringer has ever had. It placed in every meet in which it entered, and has brought back many trophies to Barringer.

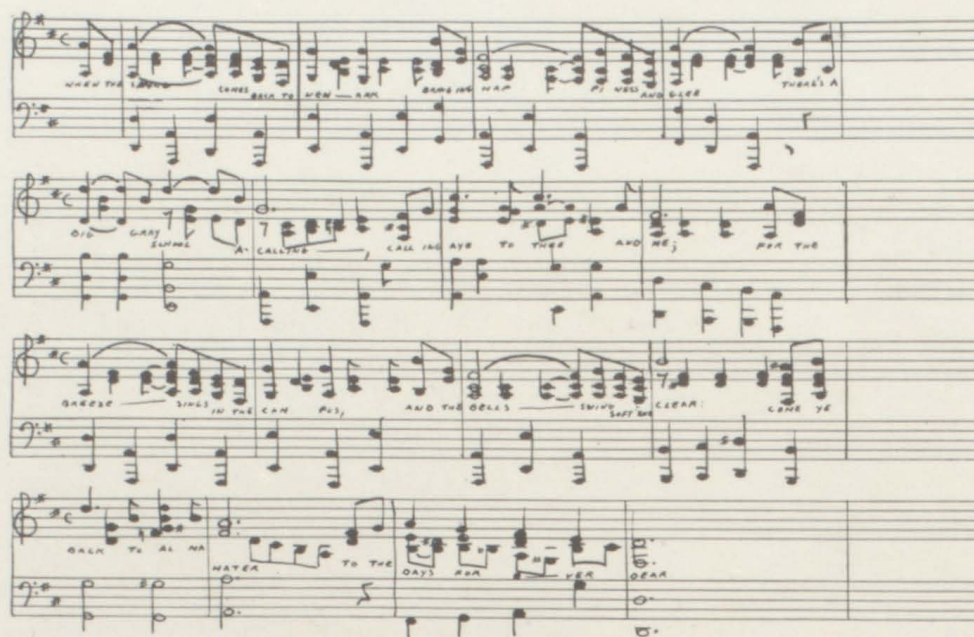

During the indoor season just completed, the team took two heart-breaking second places in the Sunday Call and National Meets. But they did not let this affect them and instead they entered the State Meet with renewed courage and captured the championship.

Now with the coming of Spring, the boys are prepared for a strenuous outdoor campaign. Barringer has the enviable position of winning the city meet for seven consecutive years. It is safe to say that the team will run away with the championship again this year. The Board of Education, Montclair Invitation and possibly the State Meet should find our boys on top, for under the able tutelage of their famous coach, Victor Salerno, and the able leadership of Captain Vincent Grasso, the boys are bound to come through.

MR. STEARNS

Our brief acquaintance with him has left lasting marks of affection and inspiration.

THE BIG GRAY SCHOOL

I

When the Spring comes back to Newark
Bring happiness and glee
There's a big gray school a-calling,
Calling aye to thee and me;
For the breeze sings in the campus,
And the bells swing soft and clear:
Come ye back to Alma Mater
To the days forever dear.

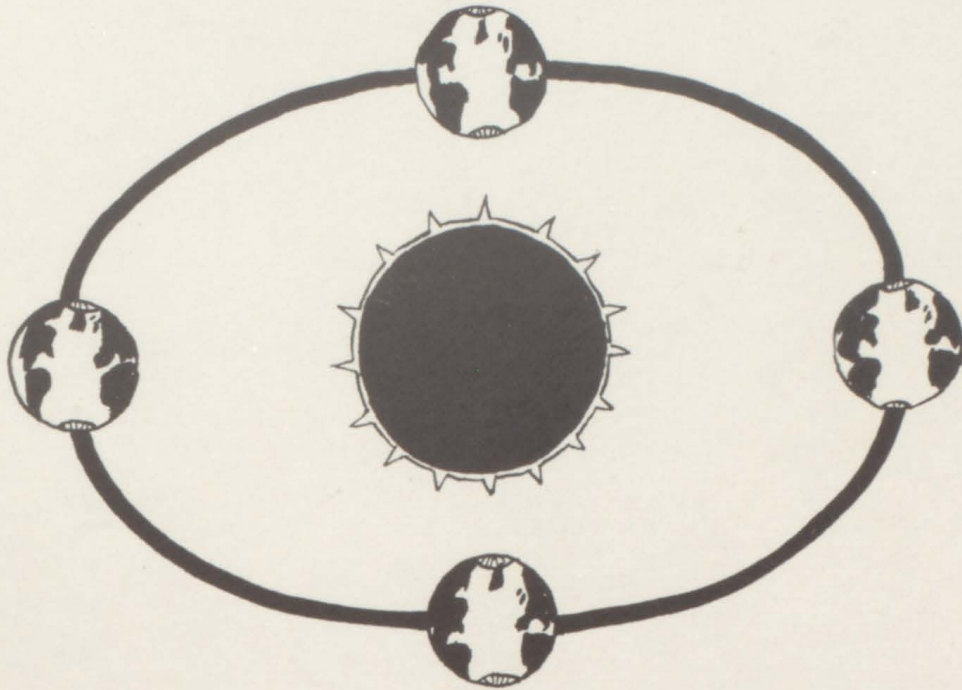

II

When the Winter in her glory,
Paints the sky a vivid blue
And with white the trees are tinted,
Lo, the banner, fair and true!
For the hues are Alma Mater's
White and Blue above the rest,
Then—here's to her forever
She's the greatest and the best!

III

When the campus lies in shadow,
Where the laughter used to be;
And our years like leaves are falling;
Yet undaunted comrades we
For there's something in the spirit
Of the school without a peer,
That will lead us up and onward
As it did when we were here.

ELSIE AND SAUL FIRTEL

CLASS HISTORY

IN September, nineteen-thirty, observers around Barringer noted the appearance of a new star in the heavens. Its course for two years, as befits a small star, attracted little attention, but as it rose in its orbit it increased in brilliance and assumed a place of prominence among the other heavenly bodies. Focusing their telescopes upon it, astronomers discovered that it was a little known orb, the class of June '34.

Late in the year nineteen-thirty-two, under the efficient guidance of Mr. R. J. Hagaman, the faculty advisor, it assembled and chose Alice Hildebrand Vice-President; Ruth Groves, Secretary; and Don Cetrulo, Treasurer. Joseph Santangelo was chosen President, which act seems to have become a permanent institution for four terms. Muriel Waugh, Betty Schott, and Edward Gibbons occupied the three remaining positions in the 3A term. Joe, Muriel, and Betty continued to act in the same capacities all during the senior year, with David Hirschhorn assisting as treasurer.

The efforts of the class during the 3A term culminated in a Spring dance, equalled in brilliance only by the 4B Thanksgiving affair in the succeeding Fall. A reception, given in honor of the class of January '33, was likewise well accepted and followed by a characteristic success, the 4A Saint Patrick's Day dance.

Class Poem

THE COMET

Ho, you earthlings—
I am a conqueror!
I flash through space
And I laugh aloud
At each young world
That shivers with cold and fear.
I am alone,
And I am not alone.
I shout
As I meet my friends
And pass them by.
I am fleet,
And I am strong,
And the wind shrieks
Through my streaming hair.
Ho, you earthlings—
I am a conqueror—
Give me more room!

MURIEL WAUGH.

SCHOOLS AND COLLEGE PRINTERS

Appreciation

We acknowledge with grateful appreciation the confidence and selection made by the Senior Class of Barringer High School in placing the production of their Year Book in the hands of the Colyer Printing Company.

It is our desire to serve a little better than anyone else. In other words to help you obtain the greatest possible results from every dollar spent.
